INTRODUCTION

We make your business better!

We are your process improvement specialist and know how to leverage today's technology to get the most from your people, processes and information.

Each client is a partner and our passion is helping to deliver solutions that provide unmatched performance.

Let us show you the possibilities, help you to create a new vision and empower you with the tools, knowledge and resources to get the job done.

Discover how our process improvement solutions have already helped companies like Orient, LIC Cooperative Society etc. gain more from their existing systems, fill the gaps between departments and make their workforce more effective.

Go Green.  Go Paperless.

WE'RE HERE TO HELP YOU FIGURE OUT AND FIX ALL OF YOUR BUSINESS PROCESS PREDICAMENTS

Automate Processes & Reduce Manual Errors

Improve process efficiencies, reduce errors, and avoid unnecessary process delays, by shifting to an automated operational environment.

Paperless Office

Eliminate paper-based workflows and exchange documents electronically, to save time and reduce paper-handling costs.

Ensure Regulatory Compliance

Achieve end-to-end process visibility and control to ensure compliance with regulations, and enhance business user accountability.

WHAT ELSE WE PROVIDE?

INTELLIGENT UI

Intelligent User Interface captures business critical interactions, from virtually any source, regardless of how, where and when they arise. Once captured, the content of those interactions is automatically extracted, validated and perfected.

ANALYTICS

Advanced analytic provides services to businesses to help them make data driven business decisions. We combine our quantitative modelling expertise with deep understanding of business needs and state-of-the-art technologies to solve complex problems.

INTEGRATE

We can integrate disparate applications in just couple of days without programming. An easy to use interface, drag and drop capability and intelligent integration technology offers quick and reliable integration. We offers a powerful Windows integration adapter, Web integration adapter and legacy integration adapter that allows you to integrate with any Windows, web or legacy application quickly.

BENEFITS OF CYBERNATION BPA SOLUTION

What makes CYBERNATION different?

Simplicity

Simple is smart. Clutter-free screens, plus an easy to use intuitive design deliver an optimal user experience whether on desktop, mobile or tablet.

Speed

Designed for reuse, built for integration. Transform process maps into running applications without code. No other BPAS gets you to market so quickly.

Light Footprint

Less hardware, lower implementation costs, fewer consultants. BPAS that delivers at less than 50% of competitive systems and 30% of in house development.

Collaboration

Say goodbye to silos and departmental divisions. Join the dots between business & IT by hiding away unnecessary complexities so your people can focus on what matters.

CLIENTS
